February, 2017

Well this winter has been one for the record books, no to jinx the blanket shoot, but I hope the warm weather holds out! We will see what we get for that Saturday March 4<sup>th</sup>. A fresh shoot schedule for 2017 is enclosed.

A big thank-you to Neil Eddington and his family who hosted the seminar at his home shop Saturday the 18<sup>th</sup>. They made a KETTLE of vegetable soup that was awesome! We chopped the 3 club rifles down so we can use them at events for the kids, Pheasants Forever and at the Conservation Club, with shorter trigger pull and barrel lengths they should be much better. Thanks all that helped out, it was a beautiful day.

Our next shoot is on March 4<sup>th</sup>, our blanket shoot being hosted by Bill Grubaugh. It's a Saturday shoot so it will start around 10:00. Remember, bring a prize with a value around \$10. Hope to see you then!

Sincerely

Mark Hazel
