

June 18, 2020

Hello All;

I hope everyone has recuperated from the Squirrel Shoot. We had 22 shooters for a good mix of paper and novelty targets. The overall winner was Trent Grove, he goes on the Top Gun list. Page Carr and Steve Props go on the Hall of Shame list for some unspeakable incident 😊

Wow, after the long wait for the last shoot, here we are ready for the Founder's Day Weekend Shoot on June 27 and 28. On Saturday we will have a "Modified Chunk Shoot", anyone not able to lay on the ground to shoot can use a table with the step block (think table shoot), the targets will be at 60 yards. After a short practice session, we will issue each shooter 2 targets for 3 shots each. The combined string measurement of the 6 shots will give you the score. Shortest string is the winner. Please bring your own sighter target, and target frame if you wish. Shaders are also allowed, open sights only. Prizes for the Chunk Shoot will be a percentage of the take, so the more shooters the more prize money.

After a lunch break, we will have a moment of silence for our past members, and then for the afternoon we'll have a Table Shoot with (grocery/merchandise prizes).

On Sunday it will be our normal paper target matches. Prizes will be merchandise with first place being the top scoring (club member) will win a pipe tomahawk finished by Ken Netting, and every shooter will pick a prize in the order that they finished.

This shoot will be a great time to get your 2020 Raffle Tickets!!

We still need to practice social distancing, wearing a mask is recommended, but not mandatory. Everything is reopening, but remember the virus is still with us. If you are not comfortable joining the group, or are not feeling well the day of the shoot, please stay home.

The Conservation Club welcomes us to camp for the weekend, so try and take advantage of this offer. Hope to see you all at the range!
