

OHIO VALLEY MUZZLE LOADING GUN CLUB

APRIL, 2012

As everyone should know, we're having 2 shoots in April. The first one was Saturday April 14th. We had a good turnout to rebuild the range. There was about 10 people that came early. We were able to get the old racks dismantled before the rains came, and put up the new racks during spells of drizzle.

All in all it was an ok day if you're a duck. All targets got soaked and Larry and Sis did a good job running the match and scoring (a difficult feat when everything is soaked) and most of all brought good eats with them. We had 16 shooters. Mark Donaldson was Top Gun and no one that I know of made it into the Hall of Shame. Everyone needs to keep an eye on their buddies and let me know if they mess up.

The next shoot is Sunday, April 29th with Mark Hazel as host and Rick Horton as the free shooter. the May shoot is Sunday, May 20th.

The Pheasants Forever Youth Field Day event in Mt. Vernon is Saturday, April 21st this year and you're probably getting this too late to matter.

Founder's Day will be coming up sooner than anyone thinks. (June 30th) If you want to run a relay/ novelty event start thinking about what you want to do.

If you didn't make it to the March or April shoot, make sure your guns are in working order & clean out the cobwebs. If you did make it to the April shoot, dump out the rust before April 29th.

Your Pres,

Rick Harkless
